COLOUR SELECTION

For Laminex® Boards

Laminex® Multi-purpose Compact Laminate 13mm

When colour, style and looks matter

Provides the best solution for hard wearing, wet areas such as showers and public amenities. A self supporting high pressure laminate with a tough melamine surface that offers maximum resistance to graffiti, vandalism, water and high impact. Compact laminate only available in a natural finish.

N

Laminex® Structural MR Board 18mm

Superior resistance to impact, wear and abrasion

Provides an economical solution for dry, low abuse areas such as toilets. Not suitable for amenities hosed for cleaning. Moisture resistant and factory laminated on both sides to provide high performance, easy to clean surface that is durable and impact resistant.

F N

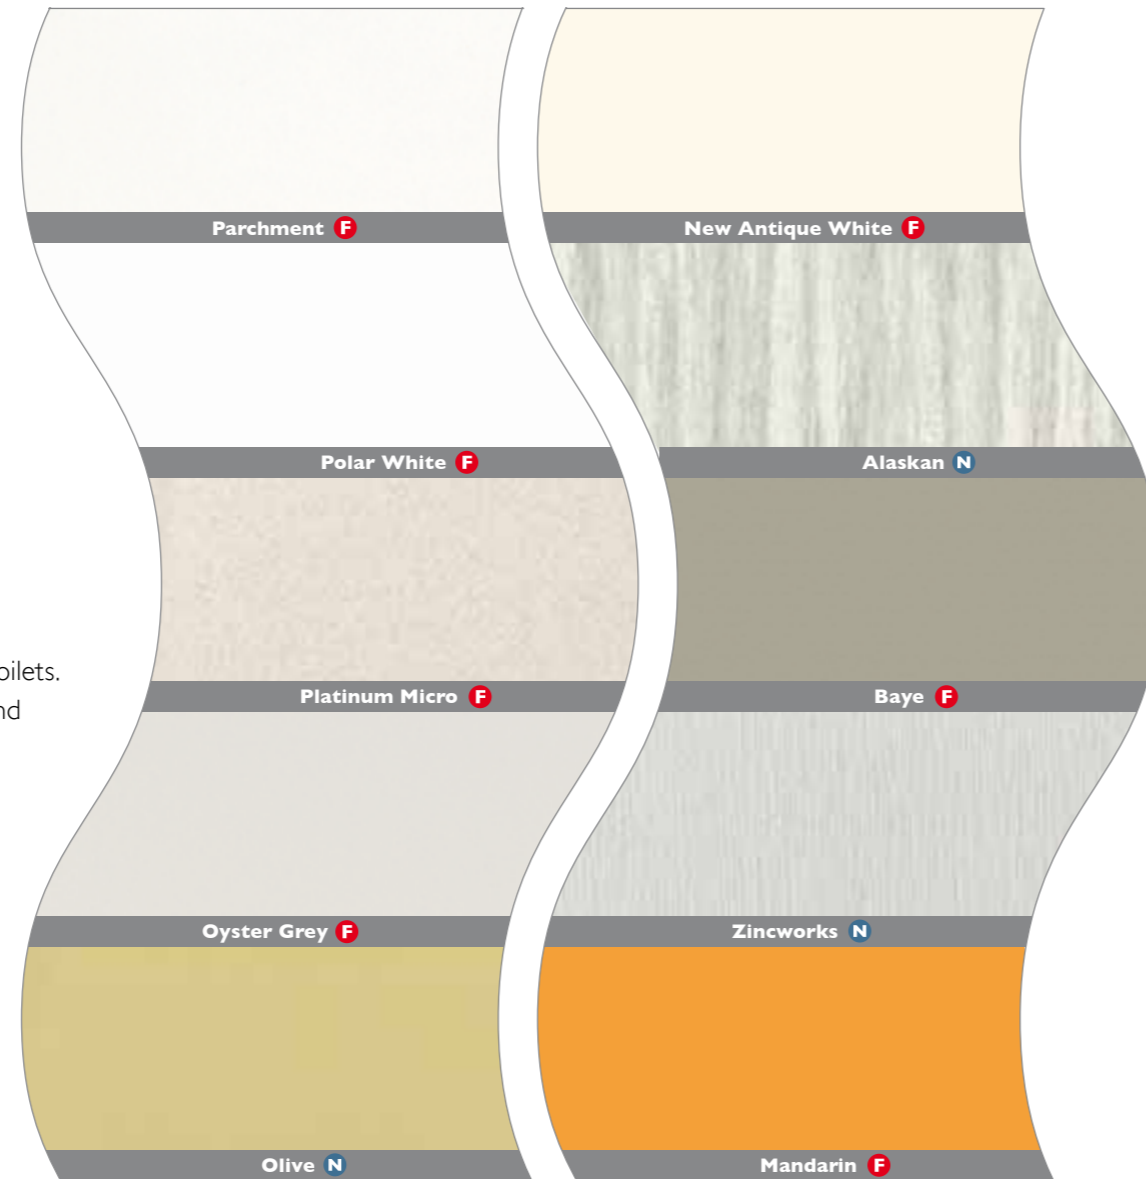

Laminex® Structural MR Board 32mm

Superior resistance to impact, wear and abrasion

Provides an economical solution for dry, low abuse areas such as toilets. Not suitable for amenities hosed for cleaning. Moisture resistant and factory laminated on both sides to provide high performance, easy to clean surface that is durable and impact resistant.

Laminex® Innovations Compact Laminate 13mm

The ultimate in strength, performance & design.

Guarantees superior performance. All the features of 13mm Laminex® Compact Laminate plus an Electron Beam Cured surface on both sides that delivers a metallic look with superior scratch resistance.

Provides maximum resistance to graffiti, vandalism and water. Offers a premium level of hygiene protection. Ideally suited for wet areas that are hosed for cleaning. Compact laminate only available in a natural finish.

Laminex® XR Grade Compact Laminate 13mm

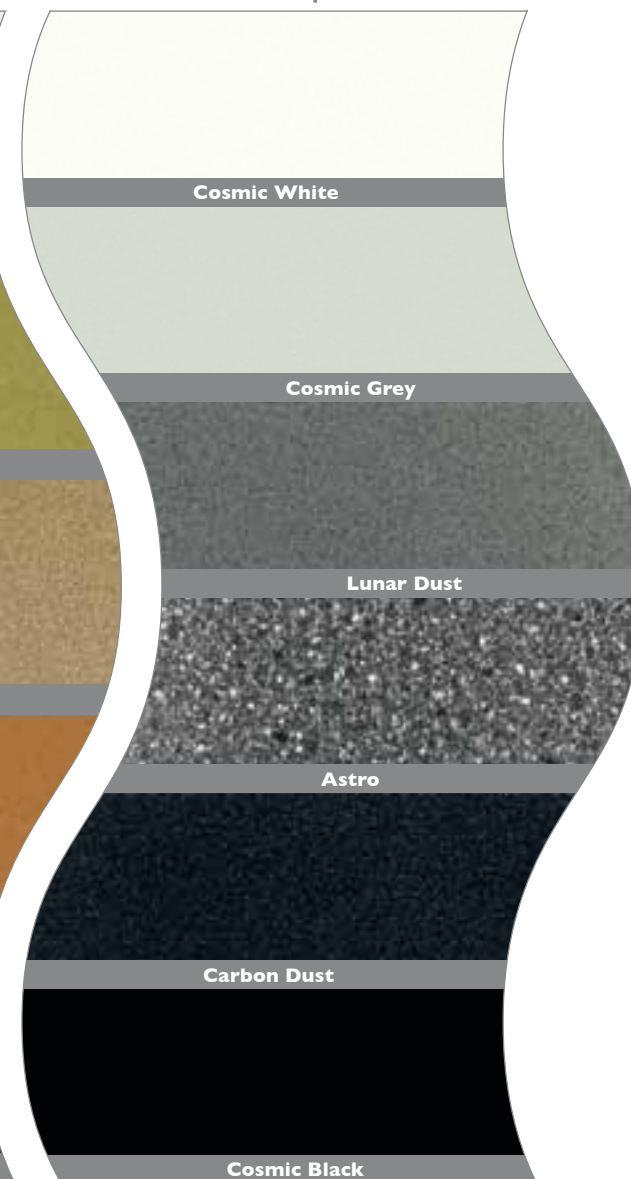

Combining durability with style with superior moisture, scratch & impact wear and chemical resistance.

The perfect partitioning choice for high abuse areas. The carbide finish handles tough conditions, with high resistance against scratches, graffiti and general impact wear. Superior chemical resistance to withstand acids, alkalis, corrosive salts and other staining substances. This board is particularly suitable to laboratories, public toilets, hair salons and other public amenities.
